

Chocolate Cake

Kay Schultz

1 chocolate cake mix,
3 eggs,
1 can cherry pie filling,
a squirt of oil.

Beat very well to break up cherries.
Bake at 350.

The first cake I ever made called for 1/3 cups water. The 1 was on the first page and the 3 on the next page so I added 3 cups water. It just boiled and boiled and turned out like rubber instead of baking!!!
