

Mom's Custard Pie

6 eggs,
1 c sugar,
4 c milk and cream mixed,
sprinkle of cinnamon,
a good pinch salt.

Vanilla

Beat eggs slightly, add remaining ingredients.

Pour this custard into an unbaked shell.
Bake at 450 X 15 min. Then 350 to finish
25 - 30 min.

The centre may still look a bit soft but will set while cooling.

Caution: baking it too long makes the custard watery.
